01 — ABOUT EDSTELLAR

Building *credible* ESG performance

Edstellar is an enterprise learning partner that helps organizations build future-ready workforces. Our 2,000+ instructor-led programs are delivered onsite or live online by 5,000+ practitioner trainers, and each one is tailored to your goals. This catalog brings together 54 ESG and sustainability programs that span sustainability reporting and disclosure, carbon accounting and decarbonization, supply chain due diligence, circular economy and waste, and climate risk and resilience.

Global leaders including Visa, ABB and Aditya Birla Group trust Edstellar to build capability at enterprise scale. Before any program starts, we look at the real capability gap and the business goal behind it, so every module ties back to outcomes your leaders can measure, not just attendance. The result is training your teams put to work straight away.
