Scaling *intelligent* automation

Edstellar is an enterprise learning partner that helps organizations build future-ready workforces. Our 2,000+ instructor-led programs are delivered onsite or live online by 5,000+ practitioner trainers, and each one is tailored to your goals. This catalog brings together 10 intelligent automation and RPA programs that span leading RPA platforms, business process automation, intelligent document processing and automation analytics.

Global leaders including Visa, ABB and Aditya Birla Group trust Edstellar to build capability at enterprise scale. Before any program starts, we look at the real capability gap and the business goal behind it, so every module ties back to outcomes your leaders can measure, not just attendance. The result is training your teams put to work straight away.

Trusted by *enterprises*

“Edstellar took our teams from isolated bot pilots to a governed automation program at scale. The RPA platform training meant our developers were productive on day one, and our business analysts finally knew which processes to target.

VP OF AUTOMATION · GLOBAL BUSINESS SERVICES GROUP

“The intelligent automation curriculum helped us combine RPA with AI the right way, so we automated judgment heavy work, not just clicks.

DIRECTOR OF PROCESS EXCELLENCE ·
MULTINATIONAL INSURANCE COMPANY

“Their program gave our center of excellence a repeatable method for building, deploying and maintaining bots. Our automation backlog stopped being a bottleneck.
