01 — ABOUT EDSTELLAR

Delivering projects that *land*

Edstellar is an enterprise learning partner that helps organizations build future-ready workforces. Our 2,000+ instructor-led programs are delivered onsite or live online by 5,000+ practitioner trainers, and each one is tailored to your goals. This catalog brings together 27 project management programs that span project management methods, work management tools, industry project and programme management, programme management and stakeholder engagement, and project controls and scheduling.

Global leaders including Visa, ABB and Aditya Birla Group trust Edstellar to build capability at enterprise scale. Before any program starts, we look at the real capability gap and the business goal behind it, so every module ties back to outcomes your leaders can measure, not just attendance. The result is training your delivery teams put to work straight away.
